The property's deep connection to nature and culture is brought to life through its nearby elephant sanctuary, own herd of water buffalo, immersive cooking classes, nature walks, wild water swimming, and rice planting.

From family-friendly adventures to serene wellness escapes, bespoke itineraries are curated for every Guest.

Off-site, there is golf at a Robert Trent Jones Jr.-designed championship course, treks with local Lisu tribesmen around the Doi Chang mountain, and visits to the stunning White Temple, Chiang Rai night markets, Hall of Opium, and the Black House Museum.

The Tatvani Elephant Sanctuary welcomes Guests to spend unlimited time with a cherished herd of orphaned elephants- each one brilliant, beautiful, and remarkably intelligent. The Sanctuary allows the elephants to roam freely- never chained or ridden- and who are treated with the utmost care and respect. It is an unforgettable, heartwarming experience grounded in compassion and ethical stewardship
